Vose Neighborhood Association Committee (NAC)
February 5, 2004 Meeting Minutes

At 7:00pm Christopher Redmond opens the meeting and welcomes members and guests.

Officer Neliton and new partner from the Beaverton Police Department presented the crime report for the past month. He noted the formation of the Special Enforcement Unit which presently has two police officers solely dedicated to the rising crime of identity theft. Officer Neliton said that in the few short weeks in operation they're working on solutions to bring this personally devastating crime to a minimum. He also discussed the transients on the corner of Highway 217 and Beaverton-Hillsdale Highway, holding signs, asking for money. Officer Neliton noted that when citizens give money to these people, they need also be aware of the recurring problems that result, namely that these same individuals are arrested for public intoxication on a continual basis.

TVF&R, Station 67 Firemen Johnson and Weaver presented their report for January 1-February 5th. There were 76 calls with heightened calls during our recent snowstorm, accidents such as people falling on ice, frozen pipes, etc. They also mentioned that the Academy Training Center in Sherwood has 24 new recruits graduating in January. They will begin replacing retiring fireman and continue this through March of this year.

A guest brought up a question as to if and when the fire department would be sponsoring any or all of the following public safety and information seminars: Child Car Seat, CPR, Helmet Safety. Officer Johnson was unsure as to what degree the fire department or the Beaverton Police Department would be involved in these endeavors and directed all to their website.

Johnson and Weaver also spoke of CERT, Citizen's Emergency Response Team which are citizens within our community lending more eyes and ears to assist our emergency professionals when an emergency occurs. This can help in getting correct information to the right people, decreases response time, etc. Any interested parties should contact TVF&R. For details on this and other issues, see the tvfd.com site.

Tim Collins was present from Metro giving status on the Highway 217 Corridor Study. He spoke of the group assembled to participate in the study, the approximately six options that were being reviewed and the timeline expected. For further information, please contact Metro.

Christopher Redmond reported on the Holland Park P.U.D. Status. The appeal was denied due to administration application errors. Christopher has been working with the Park District and FourD Development to move to accept the 1/2 acre park as a public park. Update and status will be reported at the March Vose NAC meeting.

Treasurer's Report: No new news. Balance as of 2/5/04 was \$1067.85 with \$620. still owing as reimbursement of our appeal.
